These rules apply for cancellation penalties BEFORE departure and for changes to the RETURN. Changes may be subject to additional restrictions and conditions requiring to reprice the fare. If the new applicable fare is higher, the difference must be paid on top of the airline's change fees, the service fees and applicable taxes. For a WEB booking you can view all penalty rules, fees and conditions of ALL fare basis, by clicking on the link "complete rule". Beware that for multiple penalties, the most restrictive rule, fees and conditions may apply. Each carrier has a different policy when calculating the refund of the YQ and YR tax, as well as other taxes we always check with the carrier in question to determine which taxes can be refunded.

Your payment must be CONFIRMED by 31 January during our business hours otherwise the itinerary will be CANCELLED.
Please note that only a FULL payment made on the same day as the booking guarantees this quotation.

Please also check the ticket deadline for each additional ticket in the fares and fees section as each separate ticket deadline MUST BE RESPECTED.
We cannot be held responsible for any change in fares, taxes or surcharges that may occur at time of ticketing which are beyond our control.

Important Notices :

Policy for airfares, taxes, fees, surcharges and payment:
All fares, taxes, surcharges and fees are subject to change at any time without prior noticed.
Only the issuance of the ticket guarantees the airfare, taxes, surcharges and fees.

Intair charges 50\$ service fees per ticket for voids, refunds, reissues and name changes. These fees are in addition to the airline penalties and are subject to the federal and provincial applicable taxes (GST, HST, and/or QST).

For all credit card payments, the name Intair with or without the carrier's name will appear on the owner's credit card statement. It is mandatory to keep in your file the credit card slip mechanically validated and signed by the credit card's owner. Failure to do so, and in the event where a payment would be refused, the travel agency shall be liable for the payment including any penalties, fees or interests related to the payment refusal.

Electronic ticketing:
Intair is doing his best to book itineraries that are e-ticketable. However it may happen that at time of issuance, some segments that should be e-ticketable are not valid for electronic ticketing. This situation is beyond our control but rest assured that we will do everything we can to look for alternatives. These alternatives may result in additional fees, advance purchase and delivery delays for which Intair is not responsible.

Warning about carrier's CHURNING policy
Churning is the act of repeatedly cancelling and rebooking the same or different itinerary in the same or different classes of service for the same passenger name in the same or different file. Therefore, churning for the purpose of extending the ticket time limit is strictly prohibited and closely monitored by the carriers. You will be held accountable if Travelbrands gets debited for this violation.

Secure Flight Program:
TSA (Transportation Security Administration) requires passengers to provide airlines with their date of birth and gender. Failure to do so or providing the incorrect data may result in additional screening, increased check-in time, denial of boarding and/or booking cancellation. To comply with TSA Secure Flight requirements, we require all passengers date of birth and gender AT TIME OF BOOKING. For existing booking without secure flight data, date of birth and gender are required no later than 72 hours prior to departure.

Passport and Visa:
Make sure your passengers have all the necessary documents (passport and/or visa) for all stopovers, transfers and destinations included in their itinerary.
